"A Leader's Journey: Becoming a High-Performing Leader"

Great leaders do more than just direct those under them. They inspire. They teach. They help build world-class people-focused workplace cultures. They have a noble calling that extends beyond their office walls - a mission and vision that spreads into the world and influences others for the better. Dr. Ranjit Nair will facilitate and lead a discussion on what it takes to become a high-performing leader. Using an interactive workshop format, Dr. Nair will work with the participants to develop a leadership mindset to thrive and win in the modern work world through four dimensions: 1. Leaders have clarity of mind and direction; 2. Leaders meticulously self-manage; 3. Leaders are awesome at making others better; 4. Leaders consistently demonstrate authenticity.
