NACM Commercial Services Foundation

Scholarship Application

Please complete the application below. Your employer must sign the application, demonstrating company support.

Eligibility. The Scholarship Committee has established the following requirements. Applications which are incomplete will not be accepted. Applicants must disclose any other scholarships they have been awarded within the same year. A member may only be awarded one scholarship from the scholarship fund each calendar year. **The Scholarship Committee may also limit scholarships awarded to multiple applicants from a single member company in a calendar year.** Scholarship applicants must either be a member of the NACM Commercial Services Foundation or be employed by an NACM Commercial Services member firm.

Process. All scholarship applications will be reviewed by the Scholarship Committee. Decisions are based on need and contributions to your credit association. In some cases, preferences may be given to first-time attendees or applicants. The Scholarship Chair will notify recipients of awards.

Conditions for Scholarships. Any recipient of an NACM Commercial Services scholarship will be expected to submit information about the event or class they completed. Scholarship recipients will be provided with a feedback form upon award. Failure to complete and return feedback form may impact future scholarship awards. Scholarships are awarded with the expectation that the course will be completed in full by the recipient. If the course is not completed, NACM Commercial Services Foundation reserves the right to request repayment of the full scholarship amount from the applicant or their company.

Scholarships are available for local classes, 10-week accreditation classes, certification fees, and regional and national conferences.
Classes are added frequently. Watch for more information on the website (www.nacmcs.org) or in the newsletter.
